Negotiating Updates

Special Bargaining Edition #1

- Your elected Bargaining Team completed the task of preparing a package to present to the employer.
- The two teams met on April 16, 2009 and exchanged packages.
- They have met for a total of four days so far and have nine more days scheduled before the end of June.
- Although it is still early in the process, President Ward says progress is being made and the parties have already agreed to and signed off on some articles.
- Watch your bulletin board for future Bargaining Bulletins!
