Prince Edward Island Union of Public Sector Employees

Public Service Week

June 12-18, 2022

The value of the public service is immeasurable. Public service workers have protected the health and safety of Islanders throughout the pandemic, and continued to deliver the essential services Islanders rely on every day. You are truly appreciated !

In recognition of Public Service Week 2022, Thank You to our UPSE members and all public service employees for your efforts as we continue to work through the issues of the pandemic. You all stepped up and protected the health and safety of Islanders and provided the essential services they rely on so much in their daily lives. Your contribution to society is immeasurable, and the value of public services are stronger than ever thanks to you.

As President of the Prince Edward Island Union of Public Sector Employees, I am proud of your achievements, both at work and in your communities. You make Prince Edward Island a better place to live and work every day.

Karen Jackson, UPSE President

Public services help meet everyone's basic needs!!!

What would our lives be like without public services????

Public services are about the quality of life we experience as Islanders and Canadians :)

Public services belong to us and the institutions that deliver them are accountable to us!!!
